Exide Closure Plan Comments OS and ND 11MAR16.docx

Hi Barbara, we've put together an initial list of comments, see attached.

Comments that have been highlighted are of a higher importance than those without highlight. After going over these initial comments/ questions with you, we can discuss strategy and then draft a formal letter.

Once we have the formal letter drafted, we'll schedule a meeting with Tom.

Let us know if you have any questions.

I started my day earlier because of the rain, and will be out at 11am today.

Thanks,

Omer
